WILSON AND GARDNER OUT

District Attorney at Kansas City and Land Bank Advocate of St. Louis Want Governorship.

Special to The Democrat-Forum.

Kansas City, March 6.—Announcement of his candidacy for the nomination of governor on the Democratic ticket was made here tonight by Francis M. Wilson, United States attorney for the western district of Missouri.

Wilson said he would remain in the office of United States attorney until it became advisable to the department of justice to accept his resignation.

St. Louis, March 6.—Col. Frederick D. Gardner made formal announcement of his candidacy for the Democratic nomination for governor today in a letter to Mathew W. Hall of Marshall, Mo. Colonel Gardner outlined the platform upon which he will make the race. Chief among the planks is the land bill, which he has been advocating for months, the employment of convicts on roads, an increase in pay for teachers of rural schools, an increased revenue for all school purposes and the improvement of the Mississippi and Missouri rivers, so that Missouri can compete with eastern states in shipping through the Panama canal.

Miss Helen Todd returned Sunday night from a visit in Trenton and Liberty.

"FARMER'S DAY" AT H. S.

MANY WORE OVERALLS OR APRONS, CELEBRATING VICTORY.

Special Train to St. Joseph Friday Night for Benton Game Almost Assured.

Today was "Farmers Day" at the Maryville high school. About forty boys went to school in old clothes, overalls, jumpers and other apparel not noted for scenic beauty. Quite a number of the young ladies who were dressed in red and white and the game Friday wore aprons today.

The ulterior motive of the plotters was to get a half holiday like the Normal did after beating Tarkio. Their expectation was that they would be sent home to get into conventional clothes. How different was the reality! They were accepted into the classes and each received a gentle little notice to remain this afternoon for ninth hour. And few of them had their lessons.

Prospects are bright for securing a special train to St. Joseph Friday night for the game with Benton high school. Although it will be necessary to have $230 in the hands of Agent Goforth by Wednesday night, the athletic authorities at the Maryville high school are confident that they can succeed because of pledges already received.

Goff Crawford has charge of the paper upon which signatures are being received today. If the train is secured it will leave Maryville at 5:15 and return after the game that night. The fare will be the regular amount ($1.84) if 125 or more are secured. If less than that, the round trip fare will be $2.30.

GOOD CHURCH DAY

SPECIAL WOMEN'S SERVICES AT FIRST METHODIST.

"PERSONAL EVANGELISM"

New Phase of "Go Forward Campaign" —Annual Young People's Day at Presbyterian.

The special service last night at the First M. E. church was successful in attendance and interest. The women and girls filled the center section and overflowed into two others, making a fine showing of their appreciation of their invitation.

The surprise of the evening was the appearance of a boys' choir. Mr. Pendergras has been rehearsing the boys for about a month and their singing was a delight to all present. Travis Pendergras sang "O Dry Those Tears" with organ, piano and orchestra accompaniment. His voice is unusually sweet and he sings with a musical understanding far beyond his years.

The sermon was "Christianity and Womanhood." Mr. Cox said in part:

"The rise of womanhood has been one of the marvels of the last century. When we consider that at the time of Christ she was in Rome a slave or a plaything, in Judea a mere household possession, in Japan even today simply a housekeeper, in India 98.9 per cent of whom are illiterate, mere slaves; in China 70 millions still by custom have bound feet and fettered in every other way; in nearly all these countries no divorce laws say the caprice of the husband; these awful facts help us to see the change that has been made by the coming of Christ.

"He restored her to an equality of social standing by making no difference in his treatment of women and men. But more than that He so exalted the virtues of true womanhood as to make them as universal and as necessary as His kingdom. Women have always been servants. He did not change her estate, but said, 'He that is servant of all is the greatest in the kingdom.' His sermon on the mount, the 'magna carta of the Kingdom,' is an exaltation of feminine virtues that must become human virtues and are rapidly capturing the imaginations and aspirations of the world.

"The poor in spirit, the meek, the merciful, the pure in heart, the peacemakers and the heroes and heroines in the new day that has come upon us.

"Womankind has nobly responded to the great faith which Christ had in them. The history of the advancement of His kingdom would not be complete without such names as Mary, the mother of Jesus, who was not only a physical mother but by faith in Him as the Savior of the world, claimed the promise of Christ when He said, 'Whosoever doeth the will of the Father is my mother, etc.;' as Martha, whose confession was as notable as Peter's upon which Christ said He would found His church; as Harriet B. Stowe, Frances E. Willard, Fanny J. Crosby, Jane Adams, Frances Havergal, Maud B. Booth."

Unique Young People's Program.

The annual Young People's Day service was held last night at the First Presbyterian church. The pastor's address was "The Church of Tomorrow." The church was comfortably filled by the young people of the Westminster Guild, Training Class, Kappa Sigma Pi and Westminster Circle with their parents and friends.

The Processional of the Circle girls, the unique and thrilling story of Garden Flower as told by Mary Lewis, the interesting ceremony that usually opens the regular meeting of Kappa Sigma Pi given by the boys who are officers, were of revealing interest to

Efficiency built the Panama Canal, after inefficiency failed. The efficiency of the Panama Canal doubled the effectiveness of the U. S. Navy without adding a ship to it. It took over 8,000 miles out of the trip from New York to San Francisco and changed the highway between London and Australia from Suez to Panama.

Efficiency insures against lost motion—it produces the utmost service out of equipment and yields the finest product, at the least cost.

Certain-teed

Roofing

is an efficiency product

Every advantage that men, money and machinery can offer is used to increase the production, maintain the quality and lower the cost. Each of the General's enormous mills is advantageously located to serve the ends of efficient manufacture and quick distribution. Each is equipped with the most up-to-date machinery. Raw materials are purchased in enormous quantities and far ahead of the needs of manufacturing, thus guarding against increased cost due to idle machinery. This also insures favorable buying, and the pick of the market.

Expert chemists at each mill are employed to select and blend the asphalts, and every roll of CERTAIN-TEED is made under their watchful care.

CERTAIN-TEED resists the drying-out process so destructive to ordinary roofing, because the felt is thoroughly saturated with a blend of soft asphalts, prepared under the formula of the General's board of expert chemists. It is then coated with a blend of harder asphalts, which keeps the inner saturation soft. This makes a roofing more pliable, and more impervious to the elements than the harder, drier kind.

CERTAIN-TEED is made in rolls; also in slate-surfaced shingles. There is a type of CERTAIN-TEED for every kind of building, with flat or pitched roofs, from the largest sky-scraper to the smallest residence or out-building.

CERTAIN-TEED is guaranteed for 5, 10 or 15 years, according to ply (1, 2 or 3). Experience proves that it lasts longer.

An Easy Problem

If your money paid you 10% dividend you would figure that you had a pretty good investment.

If I could pay you a 10% dividend on your insurance premium would you give me a policy? Been doing this for 60 years.

DAMAGE AND ACCOUNT SUITS

Last Two Cases for April Court of 30-Day Service Which Were Filed Saturday.

The last two suits filed Saturday on the last day for the thirty-day service for the April term of court were a damage suit against the Western Union Telegraph company brought by C. H. Roach and a suit on a note and account brought by E. W. Geyer of Graham against Lawrence Leeper.

Mr. Geyer is suing on a note for $147.05 given June 4, 1904. Five dollars was paid upon the original note. Interest at 8 per cent is asked. Count two of the suit is for $452.45 on account with interest at 6 per cent.

Cook, Cummins & Dawson, representing Mr. Roach, allege that a telegram from the Campbell Reid W. S. Co., of Chicago, quoted prices on artillery horses for Italian inspection at $150 when the original message read $140. The loss upon ten horses was $100 which Mr. Roach is asking in damages with the cost of the suit.

Harvey McClary and Fred Bellows spent Sunday in St. Joseph.

all present. The officers made their first public appearance in the coronets and there were many favorable comments on the fine body of young fellows who filled the front part of the middle section of the church.

Probably the feature that aroused most interest was the appearance of Beatrice Fehr and Bernice Crawford attired in Japanese kimonos. They came running upon the platform after the Jap girl fashion and then sang most sweetly in Japanese the song the Japanese mothers sing their babies. The weird music combined with the more weird words caused the closest attention and involuntary applause naturally in order at the lullaby's close

The offering for the Missionary Fund of the Young People including what had been collected from regular subscribers amounted to about thirty five dollars.

Personal Evangelism Campaign Begins

In his morning sermon yesterday, the Rev. R. C. Holliday of the Buchanan Street Methodist church announced that the second stage of the "Go Forward" campaign among the Southern Methodist churches in Missouri was now being entered. This phase is known as the "personal evangelism" period.

The plan provides for the seeking of those who are not Christians or who are not members of the church, by personal invitation. Teams of seven with a captain will be announced next Sunday morning. Protracted meetings are contemplated for sometime in May. Easter will be "decision and reception" day in all the churches observing the Lenten campaign as a part of their "Go Forward" movement.

Christian Canvass Satisfactory.

Twenty teams from the Christian church visited all the members of the church in Maryville yesterday afternoon. The country membership will be visited next Sunday afternoon if the weather and roads permit. All but four of the city districts were entirely completed.

"The canvass was most satisfactory," said the Rev. C. Emerson Miller, pastor, this morning. "The indications are that it will result in an increase of 15 per cent in our church finances. The men entered into the work with spirit and none of the difficulties experienced which were feared. Enlarged activities in all lines are sure to follow."

The canvass was preceded yesterday morning by a sermon by the pastor on the responsibility of giving. The every member canvass of the Baptist church began this morning. D. E. McDonald will do the work, which is expected to take several weeks.

Bolivar Women Endorse "Outside" Treatment For Children's Colds

Instead of Dosing Delicate Little Stomachs They Recommend the External Treatment — Vap-O-Rub.

Mrs. M. J. Porter, and Mrs. J. Jacques, of Bolivar, Mo., and Mrs. M. E. Ferrel, on Rural Route No. 2, like all intelligent mothers, believe internal medicines are bad for children, and yet cold troubles must have some kind of treatment. When Vick's Vap-O-Rub was introduced here from the South last season these ladies found it filled the need exactly. Vap-O-Rub is a salve, which, when applied to the warmth of the body, is vaporized by the body heat. These vapors, inhaled with each breath, carry the medication through the air passages to the lungs, and, in addition, Vick's is absorbed through the skin, relieving the tightness and soreness. This two fold action makes Vap-O-Rub useful for a wide variety of inflammations—from inflammations of the air passages and lungs, such as head colds, catarrh, asthmatic troubles, bronchitis and deep chest colds—down to inflammations of the skin and tissues, such as burns, bruises, stings, piles and muscular soreness.

Mrs. Porter says—"Vap-O-Rub is very fine for sore throat, rheumatism, etc. I take pleasure in recommending it."

Mrs. Jacques says—"I have used several bottles of Vick's Vap-O-Rub, and have found it better than internal medicines."

Mrs. Ferrel writes—"We have given Vap-O-Rub a fair trial and find it excellent for croup, colds, sore throat, etc. It is certainly fine for children. We have also found it very good in cases of sunburn, fever sores and muscular rheumatism." Three sizes, 25c, 50c, or $1.00.

NOTICE:—Last winter, in order to acquaint their customers with Vap-O-Rub, a number of druggists throughout the state presented complimentary jars to a few of their customers, on condition that they give this preparation a thorough trial and report the results. By kind permission these reports are now being used in this series of advertisements.

"BETTER WOMAN" THRILLING

Lenore Ulrich Plays Difficult Role in Winning Love of Man Who Married Her in Anger.

A stirring story is vividly told in "The Better Woman," which is to be shown at the Empire theater on the Equitable program tonight. Lenore Ulrich the star, has a difficult part to play, and plays it to perfection. It is that of an uneducated girl in a mining town, who craves affection and love, sees a young civil engineer engaged on a big work in her neighborhood, realizes that he is the man she wants, and by means of a crime causes the breaking of his engagement to a girl back in his "old home town."

The engineer, in a drunken frenzy at losing his first love, marries her, and then begins a struggle between her better nature and her early influences. She finally brings herself up to his standard, and then tells him what she had done, this causing a violent scene. His old girl tries to win him back, hoping that he will seek a divorce, but in a thrilling scene of danger and disaster the wife proves herself the better woman, and her sacrifice wins her husband's love and forgiveness.

The drama is worked out to its conclusion in a manner which captivates the minds and hearts of those who see it, and leaves a comfortable feeling of satisfaction over the fact that a girl, starting life under a heavy handicap, has proven herself worthy of the highest place in the affections of an educated, high-bred man.

LENT BEGINS THIS WEEK

Today is Callop Monday, Tomorrow Shrove Tuesday, and Then Ash Wednesday.

The fourth day of this week will mark the beginning of Lent. Today is Callop Monday. Then will come Shrove Tuesday and Ash Wednesday. Many will put by their social activities, eat meat only once a week, attend church frequently and shun places of amusement during the forty days preceding Easter.

The duration of Lent in the early times varied in different places. But, from the first part of the fourth century, the fasting period approximated forty days. The Teutonic word lent originally meant nothing more than the spring season.

Tuesday has the most names of the "heralds of Lent" and has undergone the most startling changes in observance. It is called Shrove Tuesday, Shrove Tide, Fastern's Even, Pancake Tuesday and Mardi Gras. The original name for the day was Shrove Tuesday, indicating the initial purpose, the Shrove-tide or Shrift-tide, which is the time for shrift or solemn confession preparatory to the arrival of Lent.

Special services will be in the Catholic churches here, beginning with Ash Wednesday.

Obituary.

A. Carl Cochran, son of Mr. and Mrs. Walter Cochran, was born March 20, 1894, at the home farm, where his parents now reside. He graduated from Lorain school May 24, 1907, and from the Burlington Junction high school May 27, 1910, and from the College Springs academy in the spring of 1913. He was graduated from Amity college, of College Springs, Ia., in 1914, receiving the degree of Bachelor of Arts. In the same spring he received a state diploma of Iowa.

He was married September 4, 1915, to Miss Ruth Quinn of Omaha, and they moved to a farm near the Lorain school, which he was employed to teach.

He became ill Tuesday, February 29, continuing to grow worse until he was taken to the St. Francis hospital, Thursday night and underwent an operation. Though suffering intensely, he continued to express his faith and love for his Saviour, both in words and song. Bidding his loved ones good-bye he passed into the great beyond.

He is survived by his wife, father, mother, brother and grandmother, and a host of relatives and friends. The many beautiful floral offerings bespoke the esteem in which he was held by all who knew him.

The funeral services were held yesterday at the home of his parents, conducted by the Rev. O. L. Sample. Burial was in the Lamar cemetery.

Edward J. Schumacher left Sunday for a two days' business trip to St. Joseph and Kansas City.

The 1year-old infant of Mr. and Mrs. C. M. Jorgenson of Barnard is dangerously ill with spinal meningitis.
